Dear Lois:

I hereby authorize J.K. Technologies, L.L.C. as an ICI and RI to request a letter from Harley Davidson on my behalf and am currently under contract for conversion of this vehicle. I am returning home to the United States and would like to bring my vehicle. I purchased the bike at retail and have included a copy of the bill of sale and a copy of the current registration per your request as I know that Harley Davidson will not give you a letter without documentation.

Could you please request a letter from Harley Davidson on my behalf regarding:

- 1). Place of manufacture
- 2). DOT information
- 3). EPA information

I understand that once a contract is signed, or a letter is issued by the Manufacturer of this vehicle, the vehicle must be imported, modified, and released by USDOT and USEPA before I can take possession of the vehicle. I also understand that the manufacturer's letter can not be transferred.

Thank you for your assistance in advance.

Sincerely,

Owner
